## GINGERBREAD MAN CRAFT ACTIVITY

How about making a Gingerbread Man of your own? Just be careful that this one doesn't run away!

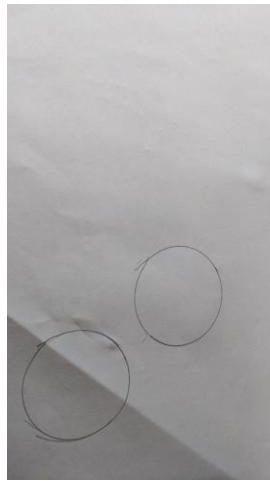

To make your own Gingerbread Man, you will need:

- A paper plate
- One piece of A4 paper
- Paints/Pens/Pencils - it's up to you!
- Scissors
- Something round to draw around
- Glue

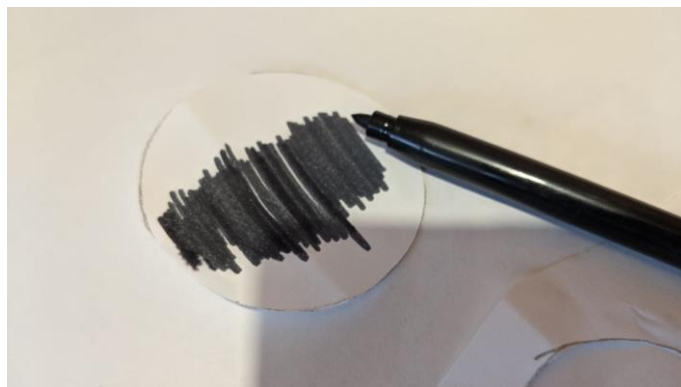

1. Colour in your paper plate

2. Find a round object (maybe the top of a bottle or a lid) and draw around it twice onto a piece of paper. These will be the Gingerbread man's eyes

3. With the help of a grown-up, cut out both circles and colour them in

4. Repeat steps 2 and 3, this time with a smaller object. These will be the Gingerbread Man's rosy cheeks and nose!
5. Draw the Gingerbread Man's smile on a piece of paper
6. Then cut these all out and stick them onto the plate with glue

Well done!

We'd love to see what you've created - you can send us a photo via our Facebook page, tweet us using the #GetCreative hashtag or email [participation@octagonbolton.co.uk](mailto:participation@octagonbolton.co.uk)

Keep a look-out for more creative challenges coming your way soon!
